

Targeted Arts Development Initiative

The Targeted Arts Development Initiative (TADI) is a strategy developed to reach out to those counties which have been identified by the Tennessee Arts Commission (TAC) as being under represented in the 2015 grants pool. TADI is designed to leverage investments & develop leadership potential, while encouraging applications from the identified counties to existing TAC grant categories or programs.

Eligibility: As published at <http://www.tn.gov/arts/grants/grants.shtml>. For fiscal year 2015 the following counties are identified as eligible: **Giles, Johnson, Lake, Lauderdale, Marshall, Moore, Obion, Pickett, Polk, & Trousdale**

Match: No match is required for TADI grants.

Legal Requirements: All TADI grants are subject to legal requirements related to application requirements, funding restrictions, non-discrimination and accessibility as published at <http://www.tn.gov/arts/legal.htm>.

Project Accountability: All TADI projects need to be completed by June 30 of the current fiscal year. Recipients of TADI funds will be required to report on the funded activity by outlining the success of the project & any challenges met by the applicant within 30 days of finishing the activity. Evidence of success may include impact to the community, scope of community partnerships, and the contribution(s) of the project to larger community goals.
